Seamlessly combine interactive presentations, collaboration, and real-time assessment tools into one integrated solution.

Give your PowerPoints and Google Slides superpowers by infusing interactive tools:

- **Polls, quizzes, open-ended questions**
- **Videos, websites, multimedia**
- **Collaborative tools**

Launch lessons and share across multiple web-enabled devices. Students can interact and submit responses:

- **In real time via LIVE LESSON**
- **From anywhere, asynchronously via STUDENT PACED**

Gain insight! Monitor and measure student results!

- **Individual**
- **Aggregate**
- **Reports are available to share as .csv or .pdf**
