Foundations

Research is a
public good.

Openness is
globally fair.

Why?

Research **saves lives** and
improves quality of life.

Respectful Means

- Respect (fully disagree with) IP **law**
- Respect **privacy** & varying **discourses**
- **Be thoughtful** to avoid unintended consequences
- Use all available (**digital**) means

Transparency of...

- Cost effectiveness
- Economic models
- Research methods
- Editorial processes
- Global fairness
